Tres Lagunas Fire

Pecos Canyon Fire and Rescue wishes to thank the community for all the support offered to the department since the start of the Tres Lagunas Fire. The volunteers of this fire department worked long hours battling the blaze and defending residences. As fire operations wind down, Pecos Canyon Fire and Rescue remains dedicated to the defense of Pecos Canyon and the safety of all its residents and visitors.

As you return to your residence, you may face some issues related to the fire:

Disruption of electrical service - contact Mora- San Miguel Coop, 1-800-421-6773

Disruption of phone service – contact CentryLink, 1-800-824-2877

Concerns about the integrity of your propane tank - contact your propane provider

Work crews in or along the roadways – drive slowly and expect delays

Increases in the number of wildlife looking for water and food

In the burned areas, watch out for:

Downed power lines

Trees or snags falling and/or blocking the road

Rock slides

Logs falling or rolling down the hillside

Call 911 if you see something of concern, such as smoke or downed power lines. Be prepared to provide a detailed description of the issue and a specific location (it is helpful to provide landmarks to help the responders quickly locate the problem).

Go to our website, www.pecoscanyonfire.org, for information and helpful links concerning developing an evacuation plan for your family and creating defensible space around your residence.
